Easy GIF Animator Crack + With Product Key X64 [2022-Latest]

The online space is heavily populated with GIF files to express a variety of serious and funny things, but mostly funny. In this regard, Easy GIF Animator comes as an application that lets you create animations in the GIF format in just a few simple steps. Work with pictures in various formats Once you initiate the application with the user-friendly interface, you can create a new animation, animated banner or animated button. You can import images (GIF, JPG, BMP, PNG) by using the file browser or the "drag and drop" method. So, you can use basic editing tools, such as select, fill, gradient, line, brush, rectangle, round, text, color replace, eraser, airbrush and zoom. Plus, you can adjust the intensity, blur and distance of the shadow, invert, flip images, as well as set the hue, saturation and brightness levels. Manage frames and preview your work But you can also resize the animation, add a comment, edit the frame in the default image editor, preview results, use the "Undo" and "Redo" buttons and duplicate a frame. Furthermore, you can preview images in the web browser, create an image effect (e.g. slide, iris, zoom, ellipse, sparkle), adjust the effect speed, smoothness and length, change direction, generate HTML code, crop edges, convert to grayscale, export to AVI or Flash, and more. The program uses a high amount of system resources and contains a well-drawn help file with tutorials and snapshots. We haven't come across any problems during our tests and Easy GIF
