What's new in Elden Ring:

The third of three upcoming updates for Tarnished Union, Patch 01 / 4.0 Pack, titled “New Construction,” has been released! In this update, we have prepared a new zone called “Eurasia.” The addition of this zone is the final milestone of the Tarnished Division project, and it’s named after the mythical continent of Eurasia created by the gods of Tarnished Unio. In this new zone, you can play through many fascinating roles in the story of Tarnished Unio. As you play, you can see a new continent called “Eurasia” that looks very different from the rest of the world, as well as tie up numerous loose ends left by Patch 1. Upgrade Weapon, Armor, and Magic Materials required to improve your weapons, armor, and magic will be collected in this zone. As you play, there will be opportunities to obtain materials needed to progress through the game—including the coveted “Thinner Thread,” which can be used to adjust magic. In addition, we have added a plethora of items to the Market, so you’ll be able to purchase things such as a customized guild hall, a guild weapon, a guild emblem, and much more. “The Event of Reunion” Quests In addition to the class quests, we have prepared many exciting class quests for characters that have reached Level 10. In

this area, you'll be able to participate in the "Mysterious Parallel War" between the inhabitants of the Upper Plane, where the gods dwell, and the inhabitants of the Lower Plane, ruled by the devil. How will your character relate to the messages that have come from the gods? Were the gods fooled by a sinister lie? Is there hope for "reunion" even in this threatened world? Enjoy diverse quests in the dark areas as well as the main story, and discover the answers to these questions. — The Full Feature List.
