You may also use the ESET Server Administrator, to install the Server.Increased respiratory sinus arrhythmia and diminished high-frequency heart rate variability in patients with atopic dermatitis. This study investigated heart-rhythm-autonomic interactions in humans using respiratory sinus arrhythmia (RSA) as a sensitive index of parasympathetic modulation of heart rate. Heart-rhythm-autonomic interactions were assessed in 22 patients with moderate to severe atopic dermatitis, 11 patients with non-atopic dermatitis, and 22 healthy subjects by measuring RSA and high-frequency (HF) heart-rate variability (HRV) during controlled breathing at 0.1 Hz, 0.3 Hz, and 0.5 Hz. The patients with atopic dermatitis demonstrated increased RSA (P control
