BioShock Infinite for  
PC. Ascorbic acid inhibits the  
release of L-ascorbic acid from  
macrophages. When mice were  
injected intraperitoneally with  
ascorbic acid, the peritoneal  
macrophages, as well as the  
serum and liver, released  
ascorbic acid into the blood and  
the extracellular fluid. The  
phagocytic activity of the  
macrophages was not changed  
by ascorbic acid. This study  
demonstrates that the  
macrophages are capable of  
storing L-ascorbic acid and that  
it can be released slowly into  
the blood and to the

extracellular space. Wasps' boss Eddie Jones has backed his England team and denied his side are at risk from injury. Ben Youngs is a doubt for Saturday's World Cup qualifier in France after being rested for the previous game against Wales. England will be without the Leicester No.8 after he suffered a calf injury in the defeat to Scotland last Saturday and had to be substituted in the closing stages. Youngs's absence would come as a blow for England who will be without wingers Anthony Watson and Jonny May, and centre Manu
