Video is also the medium for the message and the message can only be delivered through video. If you want to enjoy a few minutes of fun reading about science, then read on. Listed below are a few links that are quite interesting and relevant to the

subject. If you have time and you want to, you can click on each link to go to a completely different website with more about that particular subject. For example, a film review of a movie or audio clip. There are a variety of other topics that can be brought up as well. A few years ago the question "what's the difference between science and a religion" and "why can't science prove god" were at the top of most people's minds. In the past 15-20 years people are asking more about what science actually is, and less about "what's the difference." A few years ago the question "what's the difference between science and a religion" and "why can't science prove god" were at the top of most people's minds. In the past 15-20 years people are asking more about what science actually is, and less about "what's the difference." Some people are now asking questions
