Fire is a real-time strategy (RTS) game developed by Snowdrop Labs. The story takes place in a future world where groups of human colonies fight each other for control over the oceans. Citadels are structures built by the human colonies to control the seas. Each citadel has a specialized area of control and a central capital, which are restricted to the structure's control territory. Human colonies create and use technology to expand and improve their citadels. Gamers can choose to play as the warring factions or as a neutral human faction. The game features militaristic elements inspired by

real-world conflicts. A beta was released in 2019. Crusade II: Jai alai is the sequel to the original game of the same name. The new version is developed by Warband Studio. Crusade: Jai alai is the latest chapter of the story of the revenge of King Alaric and his Kingdom of Iberia. A new round of warfare has broken out over the lands of the peninsula of Sibiu, where the city-state of Iasi is once again thrown into the crosshairs of war. This time there is no escape - Iasi must stand and fight for its survival. In the Kingdom of Iberia a great evil hides in the shadows. Now is the time to make the final battle against it, and to win the holy crusade led by the knight Godfrey. Features: Real-time

## What's new:

**05.11.08 Edited on 05.14.08 The following post is in response to a few really shitty threads in the forums, plus a few other comments from my inbox. I'm not really going to reread them here - if you don't know where they come from, I'm not sure I will either. So I hope this is enough. I guess it also shows how IM-locked I am at the moment.**

**\*\*\*\*Vantury Wastrel\*\*\*\* 20 years of knifing the finest beatters caged by a society so narrow its gaze must ultimately be hurried in the womb of luck, we have covered twenty years of Dark-Ture in its self form. A sort of preacher who has made many mistakes, but we have crossed a threshold of trust before, but now we are faced with the most difficult task we are entitled to, as you and I are joining the most dubious crew in all of recorded music. And though we are offered the opportunity to be the most lowly of moments, we still possess honour. You and I, though we neither won nor lost, will still be felt by those pursuing the sound. But your hunger for soul, my thirst for the blood of fellow existentialists makes us a match for the eternally schizophrenic sound of death. Earth will hear the sound of our bloodshot double, the suffering in our souls expressed through a knife. We shall leave in the same year, and join the mass in death. My blood shall make the form of this letter, my hands the words found here. It shall be on record for eternity, but will it be heard? \*\*\*\*Vantury Wastrel\*\*\*\* There's no fucking mark. THERE'S NO FUCKING MARK! Shut up paddy fuckhead. \*\*\*\*Vantury Wastrel\*\*\*\* GANG GRUGGGGG! \*\*\*\*\* JAMES SKIDMORE\*\*\*\*\* SAULA LOUISE CORPSE FUNERAL 2006 When the dust settles, we'll make our claim. JAMES SKIDMORE There's been a couple of out of context cut-and-paste moments this year...Where've they been? I haven't been listening...I'm ashamed to say I hadn't been listening to The Wicker Man. Say it ain't so.**
