A: The autocad setup product key is unique to each user. It is not available for everybody. It is not possible to define it. Instead of using the product key, copy the registry file "HKEY_LOCAL_MACHINE\SOFTWARE\Autodesk\AutoCAD xxx" and "HKEY_LOCAL_MACHINE\SOFTWARE\WOW6432Node\Autodesk\AutoCAD xxx". It should be a subkey named "ActiveProduct". Open your autocad with this registry file and change it from there.

Herbs to ease aching ribs and cure colds

Most of us have developed an appreciation of the usefulness of certain herbs in the kitchen during our sojourn in the modern world. The ancient Greeks and Romans were certainly no slouches when it came to herbal medicine. Herbal medicines, taken internally or externally, are useful for a variety of ailments and you can find a plethora of information on the subject on the internet. The main herbs used are those that are known to have a beneficial effect on the alimentary and circulatory systems. Essential oil of Oregano Oregano, whose common name is from the Greek words 'orange' and 'thymus', is most commonly used in Mediterranean dishes. It's aniseed and thyme smells most familiar to many people. The oil made from this herb is used to relieve colds and sore throats and can be used to make hand or body lotions. It should be applied topically three or four times a day in a thin layer. It can also be mixed with a spoonful of honey and applied to the throat to ease a sore throat. A second method of using the oil is to hang a drop or two of it in the air of your room. As the oil gets to deodorise the air, it relaxes the mind, which is what you want in a sore throat, while also smelling good. Oregano tea can be taken to soothe a sore throat. As it's beneficial, do not drink alcohol when taking oregano oil as it may have a negative effect on its efficacy. Burdock root and aloe vera Burdock (Herb Sarson), also known as burr plant, is a hardy, perennial herb
