It is not known whether the illicit drug use rate in China and in the other three Asian countries is similar. This study aims to compare the rates of illicit drug use in three Asian countries. In this study, we applied a standardized World Mental Health Survey questionnaire (WMHS) to 28,438 adults in China, the Philippines and Thailand (total of 75,082 respondents), and another questionnaire was used to obtain information on illicit drug use from 18,411 students in China. The response rate was 63.4% for the adults and 83.1% for the students. Overall, the rate of any illicit drug use in the three Asian countries was 15.1% among adults and 4.0% among students. The rate of cannabis use and cannabis-induced psychotic disorder was highest in China, followed by the Philippines and then Thailand. In contrast, the rate of heroin use, morphine use and injecting drug use was highest in Thailand.

What's different is that the standard used for evaluating the series' first season is, of course, applicable to the second. That standard, which is met only rarely, is "good for a series that requires some big, satisfying payoffs on network television." Arrow's second season begins with Oliver (Stephen Amell) and the "Infant Soul Machine" leading a small band of rebels in an assault on a heavily armed A.R.G.U.S. facility that has been reinforced with nuclear weapons. Oliver's quest for justice has been crippled by the recent arrest of his mother's longtime mistress, which has left him believing that his mother is going to be killed, as well as a secret that might allow the series' antagonists to exploit his belief to destroy the rest of Starling City. Arrow's second season will show Oliver, however, that not only is he prepared to sacrifice himself, but that his altruism is a function of necessity. Here's the first look at a new character in Arrow's second season. Diggle (David Ramsey) is the leader of Oliver's band of rebels, a group of A.R.G.U.S. employees who have been manipulated into supporting the villainous organization. The first episode of the new season will show that despite his presumed status as a cold-blooded killer, Diggle is a man who has been deeply affected by the events of the first season, especially the murder of his father. He is willing to stand up against A.R.G.U.S. because he knows that the people who work there will not be able to do so. Reynolds portrays the role of Oliver Queen's father, Oliver Queen Sr., and in the first two episodes of Arrow's second season, we will see how he gets from the leader of a vigilant group of law-abiding A.R
