The title doesn't fit the example. "The Solution" doesn't fit the title. This is a title for a new thread in the so-called "objections" forum (see the link above). It is intended to be a discussion on the idea of an unevolved and unevolving species. Owen Linklater 06-20-2010, 04:18 AM The title is specific and useful. No one says: this thread will be about unevolved and unevolving species. That's the problem. The title doesn't fit the example. "The Solution" doesn't fit the title. This is a title for a new thread in the so-called "objections" forum (see the link above). It is intended to be a discussion on the idea of an unevolved and unevolving species. Do you mean to say that the thread title isn't specific and useful? How is the title useful?
