Features: - The game is an arcade game, but there are subtleties as well - you can choose one of four characters, each with their own disadvantages - graphics in the game are bright and colorful, the music is of high quality - the gameplay in the game is varied - there is the ability to jump, climb, fly and fight on the ground, and that is not all the possibilities - the game is designed for an older audience than the children, and that is why it may not appeal to children, as well as people who do not like to play roaming games - the game has two modes - fast and normal - If you are a fan of roving games, you will definitely like this game - a lot of different settings - many possible endings - many levels - many missions - a lot of different enemies - a lot of different upgrades - many kinds of weapons and armor - Many different vehicles - many kinds of monsters - many kinds of weapons - many kinds of armor - lots of different vehicles - a lot of different bonuses - You can level up your character and upgrade your weapons The game is one of the best-selling tactical RPGs. It has a large number of fans, and that's why there have been two re-releases - for PC and Mac. At the moment more than 2.5 million copies of the game have been sold in the world. Also, it is one of three best-selling MMORPGs in the world, along with World of Warcraft and Lineage II. Despite all these advantages, Tales of Symphonia is one of the most complex games in its genre.
