Romeo And Juliet Betrayal Essay 'LINK'

lady capulet and her husband were responsible for the death of her younger sister, lady montagues only daughter. the montagues, however, were not as bad as her own father. lady montagues only son, the marquess, was not responsible for the death of his sisters daughter, although he was still sentenced to death. after the death of his daughter, he tried to escape, but was caught and executed. although the montagues werent responsible for the death of their daughters, they still werent very respectful of the capulets. when juliet enters the capulet palace for the very first time, she notices her fathers daughter, lady montagues only child, out in the courtyard, and her father has been holding her and her friends captive for the entire day, making her no better than a slave. since the play takes place in verona, verona is a small city, there isnt a lot of places to hide in. juliet and romeo wouldve been found out sooner or later. it wasnt the most logical idea to run away with each other, because if they were captured the truth would come out about their relationship. they wouldnt be able to hide in the countryside forever. but when they did run away, they didnt go to the country, but went to mantua which was the same distance from verona as the country. in the end, it was a mistake for them to run away and they shouldnt have gotten married when they did. because of this, romeo and juliet died. its impossible to hide their feelings from their family. and when the plan was being made to go to mantua, a small town, it wasnt the best idea. they could have stayed in the countryside. they wouldnt be found, and werent. but by making the plan to run away, they didnt protect themselves, and they were found.
