I don't know how to name the ID's so I started with a name I found on a tutorial.

```
var myObject = {}; $("form").on('submit', function(event) { event.preventDefault(); var name = $('#name').val(); var number = $('#number').val(); myObject.Name = name; myObject.Number = number; });
```

 So if I want to use the

object outside the form I use: `alert(myObject.Name);` Is there a better way to name my ID's and save the data into the object? A: It looks like you're expecting the submit button to be the form element. In that case:
`$("#form").on('submit', function(event) {
event.preventDefault(); var name = $('#name').val(); var
number = $('#number`

Alice is a deep synthesis synthesizer based on a digital signal processor (DSP) with a micro chip oscillator with audio rate and wave files format of 32 bit and 44.1 KHz.

Features: • 35 waves by wave (morphing) • 32 wave with filter(off, high pass, low pass, band pass, high resonance and low resonance) • 8 voice polyphony • 10 effects (master, chorus, flanger, delay, reverb, echo, phaser, noise, wah) • Peak • Shimmer • Modulation (tremolo, detune) • Mix • Pan and panning • Cutoff • Volume control • Resonance control (low and high)

System requirements: Mac/Win XP + DirectX 9.0

Installation: Install and open the VST plugin, and then open ALICE VSTi plugin. Connections: • In out: IEC 9-14 audio cable.

Known issues: • In Alice 3.0, when you set the low resonance parameter to 1, the high resonance parameter is not released. Because of this, when you increase the high resonance parameter, Alice reacts a bit strange. Change log: • Fixed an error when you turn off the chorus effect with the 'low' control of the chorus effect. Special thanks: Thanks to VST Plugin Alisa for his great support for this plugin. Thanks to Andrew Bruns for his great support for this plugin.

CHANGELOG:

Version 2.0 - Corrected bug in the chorus effect, the 'low' control of the chorus effect. Version 2.01 -

Corrected bug in the chorus effect, the 'low' control of the chorus effect. - Corrected bug in panning, the
